A completed LEGO Technic model of a mechanical device, possibly a pump or engine. It features a large red curved beam (likely a 1/2 round) arching over a central mechanism. A black motor is mounted on the right side. The base is constructed from grey Technic plates and beams, with yellow and blue accents. The model is built on a black base plate.

A completed LEGO Technic model of a steam locomotive engine. The model is built on a yellow base plate. The boiler is black, and the smokestack is a large red arch. The wheels are black, and the engine mechanism is visible in the center. The model is shown from a side-on perspective, highlighting its intricate construction.

This image shows step 23 of a LEGO Technic ship model assembly. The model is a grey and blue ship with a red and black crane on the right side. A red Technic beam is being attached to the top of the ship's hull. A black arrow points to the red beam, indicating the assembly point. The ship has a white and yellow striped mast and a red and black crane. The hull is made of grey and blue Technic bricks. The deck is made of grey Technic bricks. The ship is shown from a side-on perspective.
